JEFFREY L. SHELTON **PETITIONER**

v. **SETTLEMENT AGREEMENT**

KENTUCKY OFFICE OF MINE SAFETY & LICENSING **RESPONDENT**

* * * * * * * * * *

Come the parties, Petitioner Jeffrey L. Shelton (Shelton), *pro se*, and the Respondent, the Kentucky Office of Mine Safety and Licensing (OMSL), by counsel, and hereby state that they have agreed to a settlement of the above-styled disciplinary proceeding, according to the following terms:

In consideration for the final resolution of this action against him, and the cancellation of the hearing (as it pertains to him) that was scheduled for May 13, 2010, the Petitioner hereby admits that he violated his employer's substance abuse policy, which was reported to the Respondent and resulted in the suspension of his underground miner certificate on April 5, 2010. His actions constituted a violation of KRS 351.120. Therefore, Shelton hereby agrees to the following:

1. The suspension of his underground miner certificate until such time as his application for restoration of his certificate is accepted by the Kentucky Mining Board (Board), in accordance with KRS 351.120(13), but in no event shall the suspension end sooner than the next scheduled meeting of the Board.

2. The Petitioner's underground miner certificate shall be placed in probation for a period of one (1) year after reinstatement by the Board, subject to the conditions set forth in Paragraphs 3, 4, 5, 6 and 7, below.

3. During the suspension/probationary periods set forth in Paragraph No. 2 above, Shelton shall comply with all state and federal mine safety laws and regulations, including the terms of this Settlement Agreement. The willful violation by Shelton of any of said laws or regulations, or the terms of this settlement agreement, may result in OMSL filing a motion with the Mine Safety Review Commission to revoke his certificates for the remainder of the probationary period or to permanently revoke them.

4. Shelton shall submit to an eleven (11) panel drug screen (which includes Suboxone) once every thirty (30) days for the duration of the probationary period. In all instances, it is the Petitioner's responsibility to have the results of all tests reported to OMSL, at his own expense, through his employer's program or a treatment program. If necessary, the Petitioner can utilize the drug testing program offered by OMSL through its examination system, at his own expense.

5. Shelton understands and agrees that he shall undergo an evaluation by a certified addiction counselor or other professional familiar with addictive behaviors, to determine if attendance in rehabilitation, counseling or support group programs is warranted prior to the reinstatement of his certificates. The written determination of said professional shall be submitted to OMSL. If the professional determination concludes that the Petitioner should enroll in rehabilitation, counseling or support group programs, he shall do so prior to the reinstatement and shall continue his participation in same during the probationary period or until such time as his counselors certify to OMSL that he has completed the treatment and counseling.

6. Shelton understands and agrees that the report of any positive drug test results shall be cause for the permanent revocation of his certificates. During the probationary period set out herein, if the Petitioner is reported by any employer for violating the employer's drug- and alcohol-free policy pursuant to KRS 351.170(2), the parties agree that the Petitioner's mining certifications will be immediately suspended until such time as a Motion for Sanctions can be filed by the OMSL and ruled upon by the MSRC.

7. Shelton further understands and agrees that he shall not be eligible for certification in any other specialties during the probationary period.

8. Shelton understands and agrees that in the event that he fails to provide the documents (letter to Mining Board, negative drug screen and drug evaluation) necessary for reinstatement before the Kentucky Mining Board within ninety (90) days of entry of the Final Order upholding the Settlement Agreement, his certificates will be automatically revoked for a period of not less than one (1) year without the necessity of further Motion or action by the OMSL.

Shelton further agrees that this Settlement Agreement and any final order issued herein by the Mine Safety Review Commission will be considered by the Commission to constitute a "first offense", as that term is defined at 805 KAR 8:010, Section 1(5).

Shelton states that he has carefully read this Settlement Agreement (or that the Settlement Agreement has been read to him); that he has carefully considered the Agreement prior to signing it; and, that he understands and agrees to its terms and provisions.

OMSL and Shelton acknowledge and agree that there are no further promises, inducements, representations, or agreements in connection with this Settlement Agreement other than those expressly set forth in writing herein.
