SETTLEMENT AGREEMENT

**KENTUCKY OFFICE OF MINE
SAFETY & LICENSING**

RESPONDENT

Come the parties, Petitioner Charles Glen Gabbard (Gabbard), *pro se*, and the Respondent, the Kentucky Office of Mine Safety and Licensing (OMSL), by counsel, and hereby state that they have agreed to a settlement of the above-styled disciplinary proceeding, according to the following terms:

In consideration for the final resolution of this action against him, and the cancellation of the hearing (as it pertains to him) that was scheduled for February 11, 2010, the Petitioner hereby admits that he violated his employer's substance abuse policy, which was reported to the Respondent and resulted in the suspension of his underground miner certificate on December 10, 2009. His actions constituted a violation of KRS 351.120. Therefore, Gabbard hereby agrees to the following:

1. The suspension of his surface miner and underground miner certificates until such time as his application for restoration of his certificates is accepted by the Kentucky Mining Board (Board), in accordance with KRS 351.120(13).

2. The Petitioner's surface miner and underground miner certificates shall be placed in probation for a period of one (1) year, subject to the conditions set forth in Paragraphs 3, 4, 5, 6, and 7, below.

3. During the probationary period set forth in Paragraph No. 2 above, Gabbard shall comply with all state and federal mine safety laws and regulations, including the terms of this Settlement Agreement. The willful violation by Gabbard of any of said laws or regulations, or the terms of this settlement agreement, may result in OMSL filing a motion with the Mine Safety Review Commission to revoke his certificates for the remainder of the probationary period or to permanently revoke them.

4. Gabbard shall submit to drug testing twice per month every month during the first four (4) months of the probationary period set forth in Paragraph Nos. 1 and 2, above, and once every thirty (30) days during the remainder of the probationary period. The twice-monthly tests shall be taken on or before the 15th day of each month and on or before the last day of each month and the reports of results made as soon as possible. In all instances, it is the Petitioner's responsibility to have the results of all tests reported to OMSL, at his own expense, through his employer's program or a treatment program. If necessary, the Petitioner can utilize the drug testing program offered by OMSL through its examination system, at his own expense.

5. Gabbard understands and agrees that he shall undergo an evaluation by a certified addiction counselor or other professional familiar with addictive behaviors, to determine if attendance in rehabilitation, counseling or support group programs is warranted prior to the reinstatement of his certificates. The written determination of said professional shall be submitted to OMSL. If the professional determination concludes that the Petitioner should enroll in rehabilitation, counseling or support group programs, he shall do so prior to the reinstatement

and shall continue his participation in same during the probationary period or until such time as his counselors certify to OMSL that he has completed the treatment and counseling.

6. Gabbard understands and agrees that the report of any positive drug test results shall be cause for the permanent revocation of his certificates. During the probationary period set out herein, if the Petitioner is reported by any employer for violating the employer's drug- and alcohol-free policy pursuant to KRS 351.170(2), the parties agree that the Petitioner's mining certifications will be immediately suspended until such time as a Motion for Sanctions can be filed by the OMSL and ruled upon by the MSRC.

7. Gabbard further understands and agrees that he shall not be eligible for certification in any other specialties during the probationary period.

8. Gabbard understands and agrees that in the event that he fails to provide the documents (letter to Mining Board, negative drug screen and drug evaluation) necessary for reinstatement before the Kentucky Mining Board within ninety (90) days of entry of the Final Order upholding the Settlement Agreement, his certificates will be automatically revoked for a period of not less than one (1) year without the necessity of further Motion or action by the OMSL.

Gabbard further agrees that this Settlement Agreement and any final order issued herein by the Mine Safety Review Commission will be considered by the Commission to constitute a "first offense", as that term is defined at 805 KAR 8:010, Section 1(5).

Gabbard states that he has carefully read this Settlement Agreement (or that the Settlement Agreement has been read to him); that he has carefully considered the Agreement prior to signing it; and, that he understands and agrees to its terms and provisions.

OMSL and Gabbard acknowledge and agree that there are no further promises, inducements, representations, or agreements in connection with this Settlement Agreement other than those expressly set forth in writing herein.
