**SETTLEMENT AGREEMENT**

**KENTUCKY OFFICE OF MINE  
SAFETY & LICENSING**

**RESPONDENT**

\*\*\*\*\*

Come the parties, Petitioner Matthew D. Boggs (Boggs), *pro se*, and the Respondent, the Kentucky Office of Mine Safety and Licensing (OMSL), by counsel, and hereby state that they have agreed to a settlement of the above-styled disciplinary proceeding, according to the following terms:

In consideration for the final resolution of this action against him, and the cancellation of the hearing (as it pertains to him) that was scheduled for February 11, 2010, the Petitioner hereby admits that he violated his employer's substance abuse policy, which was reported to the Respondent and resulted in the suspension of his underground miner certificate on October 26, 2009. His actions constituted a violation of KRS 351.120. Therefore, Boggs hereby agrees to the following:

1. The suspension of his underground miner certificate until such time as his application for restoration of his certificate is accepted by the Kentucky Mining Board (Board), in accordance with KRS 351.120(13), but in no event shall the suspension end sooner than thirty (30) days after the next scheduled meeting of the Board.

2. The Petitioner's underground miner certificate shall be suspended for a period of thirty (30) days after reinstatement. Thereafter, said certificate shall be placed in probation for a period of one (1) year, subject to the conditions set forth in Paragraphs 3, 4, 5, 6, and 7, below.

3. During the suspension/probationary periods set forth in Paragraph No. 2 above, Boggs shall comply with all state and federal mine safety laws and regulations, including the terms of this Settlement Agreement. The willful violation by Boggs of any of said laws or regulations, or the terms of this settlement agreement, may result in OMSL filing a motion with the Mine Safety Review Commission to revoke his certificate for the remainder of the probationary period or to permanently revoke them.

4. Boggs shall submit to drug testing twice per month every month during the first four (4) months of the suspension and probationary period set forth in Paragraph Nos. 1 and 2, above, and once every thirty (30) days during the remainder of the probationary period. The twice-monthly tests shall be taken on or before the 15<sup>th</sup> day of each month and on or before the last day of each month and the reports of results made as soon as possible. In all instances, it is the Petitioner's responsibility to have the results of all tests reported to OMSL, at his own expense, through his employer's program or a treatment program. If necessary, the Petitioner can utilize the drug testing program offered by OMSL through its examination system, at his own expense.

5. Boggs understands and agrees that he shall undergo an evaluation by a certified addiction counselor or other professional familiar with addictive behaviors, to determine if attendance in rehabilitation, counseling or support group programs is warranted prior to the reinstatement of his certificates. The written determination of said professional shall be submitted to OMSL. If the professional determination concludes that the Petitioner should enroll

in rehabilitation, counseling or support group programs, he shall do so prior to the reinstatement and shall continue his participation in same during the probationary period or until such time as his counselors certify to OMSL that he has completed the treatment and counseling.

6. Boggs understands and agrees that the report of any positive drug test results shall be cause for the permanent revocation of his certificate. During the probationary period set out herein, if the Petitioner is reported by any employer for violating the employer's drug- and alcohol-free policy pursuant to KRS 351.170(2), the parties agree that the Petitioner's mining certification will be immediately suspended until such time as a Motion for Sanctions can be filed by the OMSL and ruled upon by the MSRC.

7. Boggs further understands and agrees that he shall not be eligible for certification in any other specialties during the probationary period.

8. Boggs understands and agrees that in the event that he fails to provide the documents (letter to Mining Board, negative drug screen and drug evaluation) necessary for reinstatement before the Kentucky Mining Board within ninety (90) days of entry of the Final Order upholding the Settlement Agreement, his certificate will be automatically revoked for a period of not less than one (1) year without the necessity of further Motion or action by the OMSL.

Boggs further agrees that this Settlement Agreement and any final order issued herein by the Mine Safety Review Commission will be considered by the Commission to constitute a "first offense", as that term is defined at 805 KAR 8:010, Section 1(5).

Boggs states that he has carefully read this Settlement Agreement (or that the Settlement Agreement has been read to him); that he has carefully considered the Agreement prior to signing it; and, that he understands and agrees to its terms and provisions.

OMSL and Boggs acknowledge and agree that there are no further promises, inducements, representations, or agreements in connection with this Settlement Agreement other than those expressly set forth in writing herein.
